Former San Jose Medical Center Site

Land Use – Health Care Study

Stakeholder Advisory Committee Attendance Policy

The size and composition of the Former San Jose Medical Center Site Land Use – Health Care Study Stakeholder Advisory Committee is as directed and appointed by the City Council. The composition of the Committee includes the wide range of perspectives and interests associated with the site, the surrounding community and San Jose. The committee includes neighborhood, healthcare, business, and broader community representatives. The group is charged with identifying priority health care needs and uses for downtown including, which uses should be accommodated on the San Jose Medical Center site; and defining a feasible land use plan that represents the needs of the community. The land use plan may result in recommended General Plan amendments or rezonings.

The individual members of the committee will receive a significant amount of information and make significant investments of time to ensure the effectiveness of the committee to accomplish the mission of developing recommendations. Members will be permitted to be represented by alternates representing the respective organization. A member who misses a total of three meetings will be removed from the committee. Prior to a final decision to dismiss a committee member, the person shall be contacted to confirm their continued interest and participation. It will be critical for the success of the committee that its members participate regularly in this effort.
